

*SUPPLEMENTARY INSTRUCTIONS to set up the Neoi WAP / GPRS  
/ MMS*

*Services on the Neoi 809 and 906 Series, for Hong Kong CSL and  
other Service Providers.*

**All Neoi Phones support the automated setup via SMS, which is provided by some Service Providers. Please go to the website of your service provider to find out more. If you are requested to give the details of the Neoi Phones, please select “Others” and type in which is shown for selection. Please follow the Guide below.**

**Example: Hong Kong CSL:**

1.)

You need to be a registered customer at CSL in Hong Kong

2.)

Log in with Your Phone number and your Password

3.)

NOTE: in order to use the GPRS / Data Services, many Service Providers require that you sign a contract / register separately for Data Services, as those are normally not a part of Your GSM contract. 3G users may have these services already included (depends on the Service providers and the GSM contract)

4.)

Once logged into the Service page go to Handset Settings >> Mobile Data Service (WAP / MMS

<http://1010.hkcsl.co>

[m/jsp/my\\_account/handset\\_and\\_service\\_setting/mobile\\_data\\_service\\_setting/mmp.jsp](http://1010.hkcsl.co/m/jsp/my_account/handset_and_service_setting/mobile_data_service_setting/mmp.jsp)  
) >> Select Handset Model >>> Others >>>

5.)

Check the service You want top download and Install, follow instructions, >> Download

6.)

You will receive a SMS message on Your NEOI Phone (make sure the local providers SIM card is inserted), follow the SMS automated installation instructions.

7.)

If the automated download and installation via SMS does not work, here are the manual selections for the 1010 / CSL settings:
