Settings updated March 2009:

NEOI 906, NEOI 809 series for Starhub Singapore.....

You may now go to the Starhub Singapore Mobile Website and choose Automatic MMS / GPRS / WAP settings via Internet: <http://203.211.133.28/ota2/index.do> To do such, you need to select the following:

Mobile Phone Type: Motorola , Model: A1200 then follow screen instructions. The Profiles will be installed automatically into Your NEOI, and you will be asked to enter a PIN number (sent to You by SMS) to confirm and activate the settings.

After the auto settings have been sent to Your NEOI 906 / 809 should be ready for MMS send and receive.
